

STATISTICS COMMITTEE

OCTOBER 13, 2017

Probate Court Administration, West Hartford

The meeting was called to order at 10:15 A.M.

Present: Judge Chadwick; Judge Dorval; Chair; Judge McGrath, Secretary; Attorney Evan Brunetti, Farmington; Chief Clerk Lori Errico, West Hartford; Attorney Bonnie Bennet, Staff.

The Committee approved the minutes of the September 8, 2017 meeting as presented.

The Committee continued its review of the tally activities beginning with the Termination of Parental Rights matters and continuing through "Other". This concluded the initial review of all probate tally activities. The Committee intends to review once again all of these activities to determine whether there should be any additions or deletions to existing categories or adding of new activities.

The Committee will also review the preliminary assignment of points to determine whether there are any inconsistencies or other reasons to change the initial weight.

The Committee also discussed adding an activity for processing passport applications. J. McGrath raised the question of awarding some activity points to the court of a judge who is cited in to hear a case to reflect the scheduling and coordination time involved.

The Committee also discussed the process to follow to have the work of the Committee considered by staff and judges. This will be reviewed further at the next meeting.

The next meeting of the Committee is scheduled for Friday November 3rd at 10:00 A.M.
